Lemonade Liberty Wit, aged 10 nearly 11, is experiencing a terrible tragedy. She has had to move to the small town of Willow Creek where her grandfather lives along with the mysterious ape-like creature called Bigfoot.

I enjoyed this book because she befriends a boy called Tobin and together they hunt down the Bigfoot. I also like this book because when she moved to Willow Creek with her grandfather it helped her deal with her grief.

The readers who are as old as 11 or 12 and who love being intrigued when reading adventure books would love this text.
