

## Who Let The Gods Out

By Maz Evans

'Who Let The Gods Out' is a hilarious story with a great new take on Greek mythology. After Virgo the constellation (literally) crashes into Elliot's life, nothing is ever the same again.

A wonderful story, with its huge cliffhanger leaving you begging for more, who can resist it? This is a momentous story for kids new to this type of fantasy: for pre-Harry Potter & Percy Jackson readers. This is a book that will get you laughing your head off!

This awe-striking world of a story is amazing in every way. I love the author's talent on spinning gods, mortals, demons and constellations into this big web of a book that you're trapped in.

I would definitely rate this book 4 out of 5 for its brilliance, and would highly recommend it to fantasy nuts (like me), as it is a funny, fascinating, **NEW** experience!
