

Spy Toys

By Mark Powers

I wasn't sure what to expect as I started reading this book, but after the first few pages I wanted to keep reading and find out all about the spy toys.

My favourite character was Dan, the teddy bear. He had some awesome powers that made him super strong, the part where he was in training was very funny.

The best part of the story was when the spy toys were given a secret mission, the adventures that Dan got up to while on the mission were pretty cool — the best one was when he used a skipping rope to sneak ice cream.

The story was easy to read, each chapter was a good length and I wanted to keep reading to find out what was about to happen next.

I give this book a '4 star' rating.
