

Spike was a sloth,  
and, yes, she was **SLOW**.  
But unlike the others,  
she wanted to **GO!**

She'd **JUMP** out of bed,  
straight into her shoes,  
while everyone else  
just wanted to  
**SNOOZE!**

And if they went out,  
it was always the same.  
Living with sloths  
was a waiting game . . .

A quick chat at the shop **ALWAYS** took ages.

A speed read by the shelf . . .

meant a **COUPLE** of pages.
