OUR CLASS
CAN DO THIS!

READING CHALLENGE

SET YOUR STUDENTS
UP FOR SUCCESS!

OUR MISSION is built on helping children learn to read and love to read.

We believe that independent reading is a critical part of children's learning and growth. With support from teachers, parents, and schools, children choose the books they want to read, and discover the pleasure and power of reading. Finding the right book at the right time can light an emotional spark within children

that motivates them to read more, understand more, and read joyfully.

By reading for just 10 minutes a day, children will be setting themselves up for success in the future! Reading confidence will increase through improved comprehension, vocabulary, spelling, concentration, analytical abilities, empathy, mindfulness and more. Plus, with each page they read, they get to lose themselves in exciting

new worlds, hilarious mishaps, different time periods and daring adventures.

"Readers are made, not born. Few students spring out of the ground fully formed as readers. They need help, and we cannot assume that they will get it from home, but they should always get it from us, their teachers."

Donalyn Miller, *The Book Whisperer: Awakening the Inner Reader in Every Child*

HOW CAN YOU GET YOUR CLASS READING?

Have your class take on the **10410 Reading Challenge** and read for 10 minutes a day for 10 weeks. As a class you will already be reading 10 minutes a day whether it be during D.E.A.R., instructional text or shared reading. By taking on the reading challenge your students will see how easily they can fit 10 minutes of reading in to their day.

Chart your classes' success on the **FREE classroom Reading Challenge poster included with this issue of Teacher Essentials**. Colour a book for each day the class reads for 10 minutes.

10410 READING CHALLENGE CLASS PACK

BRING **GRAPHIC NOVELS** INTO YOUR CLASSROOM

—YOUR STUDENTS **WILL THANK YOU!**

AS A TEACHER, you'll probably already know that Graphic Novels are all the rage. Graphic Novels powerfully attract and motivate kids to read—and they're enjoying them! We believe this incredibly rich format can be used in a wider context to bring life and excitement to your classroom, with the benefit of developing literacy. School librarians and educators have reported outstanding success getting all kids to read with Graphic Novels. They can:

1. **BE USED AS A STEPPING STONE FOR YOUNGER READERS**, they are perfect for helping students transition from picture books to chapter books.
2. **TEACH STRUGGLING READERS, STUDENTS WITH SPECIAL NEEDS, AND ENGLISH-LANGUAGE LEARNERS.** With less text than traditional books, they can be less overwhelming, helping kids feel more confident about reading.
3. **ENCOURAGE RELUCTANT READERS.** Readers who are not really interested in reading or who, despite being capable of reading, prefer gaming or watching media, can be pulled into a story by the visual elements of Graphic Novels.
4. **INSPIRE CREATIVE WRITING.** A picture tells a thousand words is on full display with popular series such as *The Bad Guys* and *Dog Man*. They're great books to read before diving into creative writing projects.
5. **PROVIDE ADVANCED READERS A WONDERFUL OPPORTUNITY TO THINK CRITICALLY ABOUT A NEW FORM OF STORYTELLING**—one that combines the most important elements of traditional novels, picture books, poetry and even film in a new a captivating way.

Graphic novels are a tool every teacher can use. They not only motivate children to read, they support learning in your classroom and help your students to develop the skills they need to read and comprehend even more challenging works of literature.

GRAPHIC NOVELS ARE EXPLODING IN POPULARITY, AND WITH GOOD REASON!

- Scholastic has seen a 37% increase in graphic novel sales on **Scholastic School Essentials** in the last 12 months! Teachers know they are in demand!
- 20% of all top selling titles on **Scholastic Book Club** are Graphic Novels, proving they are a format kids are consistently choosing to read!
- Scholastic US and UK now run a **Graphix Week** each year showing the global popularity and demand.
- We see more and more books being converted to the graphic format such as: *The Witches*, *Wings of Fire*, and *The Baby-Sitters Club*. Graphic Novels are being adapted to TV and cinema, such as *Captain Underpants*, *The Bad Guys*—with many more in the pipeline!

BRING GRAPHIC NOVELS INTO THE 10410 READING CHALLENGE!

To keep the Reading Challenge momentum going, place an order on Issue 5 Teacher Essentials and receive a **FREE** Reading Challenge resource pack with stickers, bookmarks, awards and worksheets.
