PICTURE BOOKS

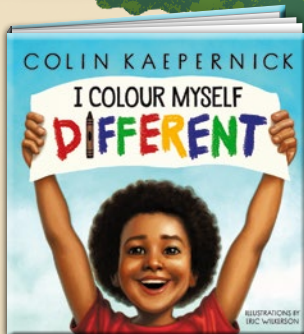

802. NEW! PHONEME PICTURE BOOK 4-PACK

Four fun, Australian-themed and visually compelling picture books aimed at introducing phonemes to students. Author Judith Barker is an English teacher who has taught phonemic awareness to children in Europe, the Middle East, India and China. While researching a masters in phonology, Judith began to use visual language in stories, by colouring the different phonemes, so that children could make a holistic sense of the various spelling patterns.

READING
FOOTPRINT?

ORDERS DUE:

STRIVING FOR SUSTAINABILITY.

At Scholastic, our fundamental objective is to inspire a love of reading and learning in kids everywhere. However, we also believe it's our responsibility to minimise our environmental impact. This drives us to continually investigate ways to reduce our carbon footprint through environmental initiatives.

OUR BOOK CLUB CATALOGUES

PRINTING

Our catalogues are printed in Australia by printers who work to the highest national standards and actively promote and utilise environmentally responsible practices and are PEFC and FSC approved.

INKS

Ink used on the catalogues contain renewable content including soy and vegetable oils.

PAPER

All paper in our Book Club catalogues is 100% PEFC certified and sourced from plantation forests only, once the tree is harvested it is then re-grown again. Over 99% of materials used to produce the catalogues are recycled.

DID YOU KNOW?

Over 90% of Australia's commercial native forest operations are independently certified to comply with the world's best sustainable forest management practices compared to the global average of 8% – Australian Forest Production Association, 2020

OUR PACKAGING

- We are changing to 100% recycled material for our protective air pillows for packaging.
- All our Cardboard Packaging is made from 100% recycled material. They are all totally recyclable.
- Single use plastics have been removed from our internal bundling, package and waste practices.
- Internal bundling of packs and boxed sets will only use recyclable and biodegradable materials.
- We now only use Plastic Bags that are biodegradable rather than made of recycled material.

DID YOU KNOW?

Making products from recycled plastics instead of virgin materials reduces water usage by 90%, carbon dioxide by 2.5 tonnes and energy consumption by two thirds. – SITA Australia

OUR OFFICE & DISTRIBUTION SITES

- We have 200,000 litres of rainwater collection tanks, providing water for our toilet systems at our Head office.
- New L.E.D lighting throughout all warehouse and offices.
- We use dedicated paper recycling bins across all our office and warehouse distribution sites.

DID YOU KNOW? Paper recycling rates in Australia are amongst the highest in the world with over 87% of all paper and paperboard recovered. – CEPI Sustainability Report, 2018

"We are committed to providing a safer and happier future and healthier planet for our children and are continually looking for areas to improve our environmental sustainability."

AUSTRALIAN MADE BOOKS.

We strive to produce sustainable books and paper products that are locally sourced, written, designed, and produced here in Australia.

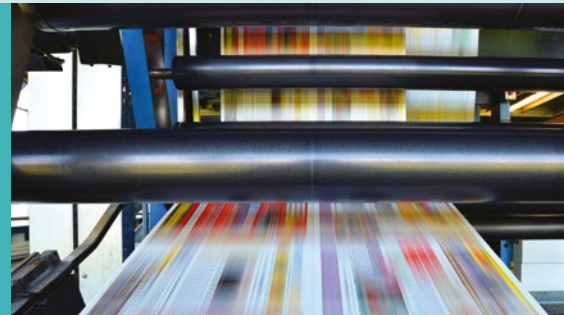

AUSTRALIAN AUTHORS AND ILLUSTRATORS

Scholastic Australia Publishing has always been committed to seeking out, fostering and supporting new and emerging Australian authors and illustrators, as well as promoting well-established ones to produce many excellent Australian books. Of course, in addition to developing and nurturing home-grown talent, our team selects titles from many great international authors and illustrators as well.

We are proud of the fact that many of our Australian books have been selected and published because of the support of our partnering schools through Book Club and Book Fairs. Otherwise, we may have missed out on some fantastic stories and talents.

AUSTRALIAN PRINTING

Scholastic Australia chooses to print books in Australia wherever practical. We use printers that are committed to minimising the environmental impact of their operations and products by adopting the principle of continuous improvement in environmental performance.

AUSTRALIAN PAPER

With paper being the No.1 raw material used in producing books, we are 100% committed to reducing our environmental impact and endeavour every day to minimise our carbon footprint. We make every effort to use papers produced in Australia with Forest Stewardship Council (FSC) certifications. The FSC ensures forests are managed in a way that considers animals, plants, workers, local communities and indigenous land rights through constant monitoring and assessment.

“Scholastic Australia will continue to support home-grown Authors and Illustrators and to produce locally printed books on Australian paper wherever possible for the benefit of all Australians and the environment.”
