

# CHAPTER ONE: MOLE ON A MISSION

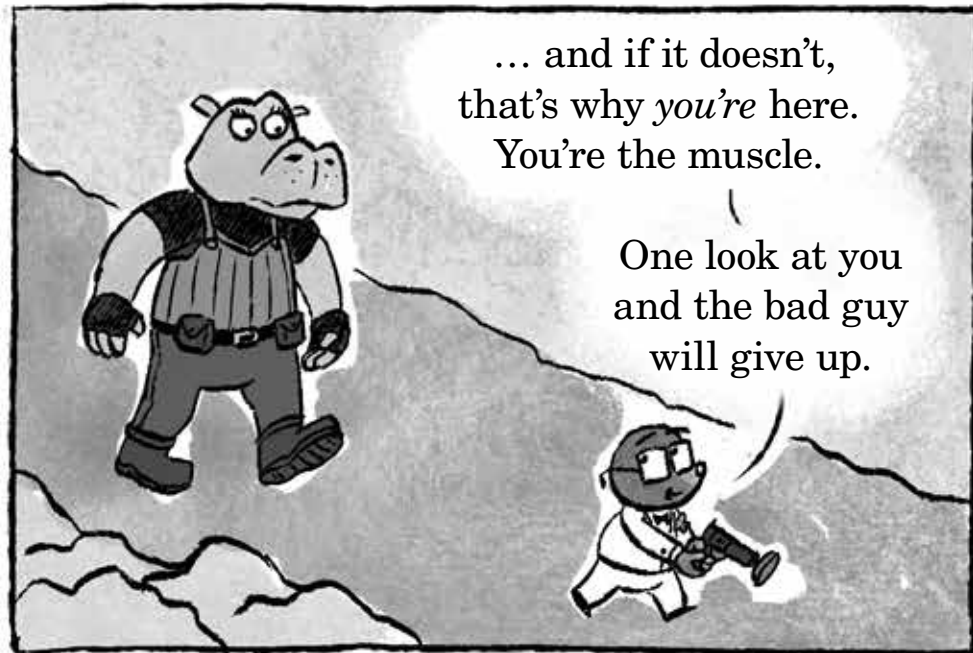

You've got to  
think ahead,  
Max.

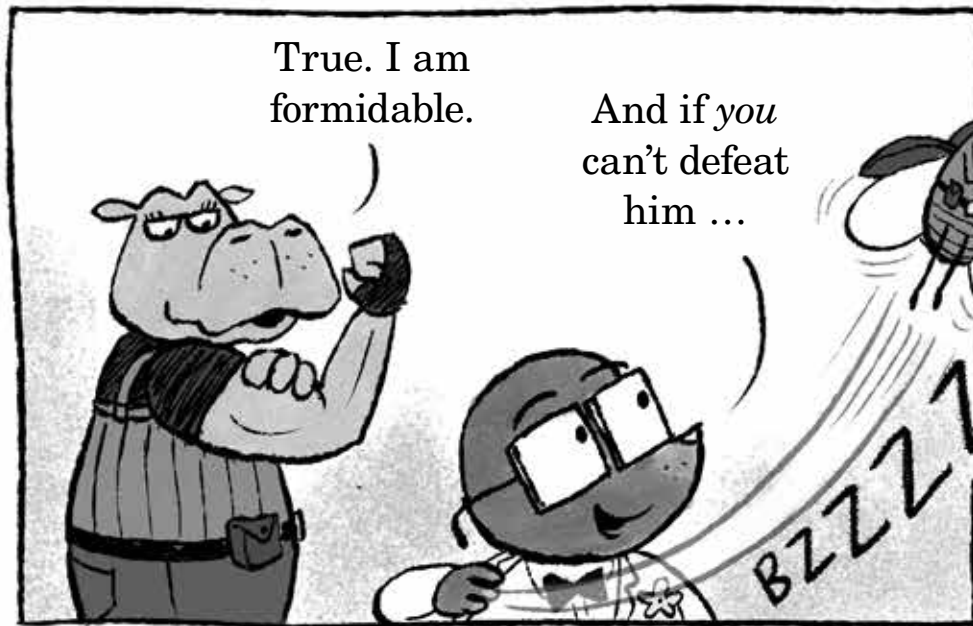

You can't go  
running headfirst  
into danger  
without a plan.

... and if it doesn't,  
that's why *you're* here.  
You're the muscle.

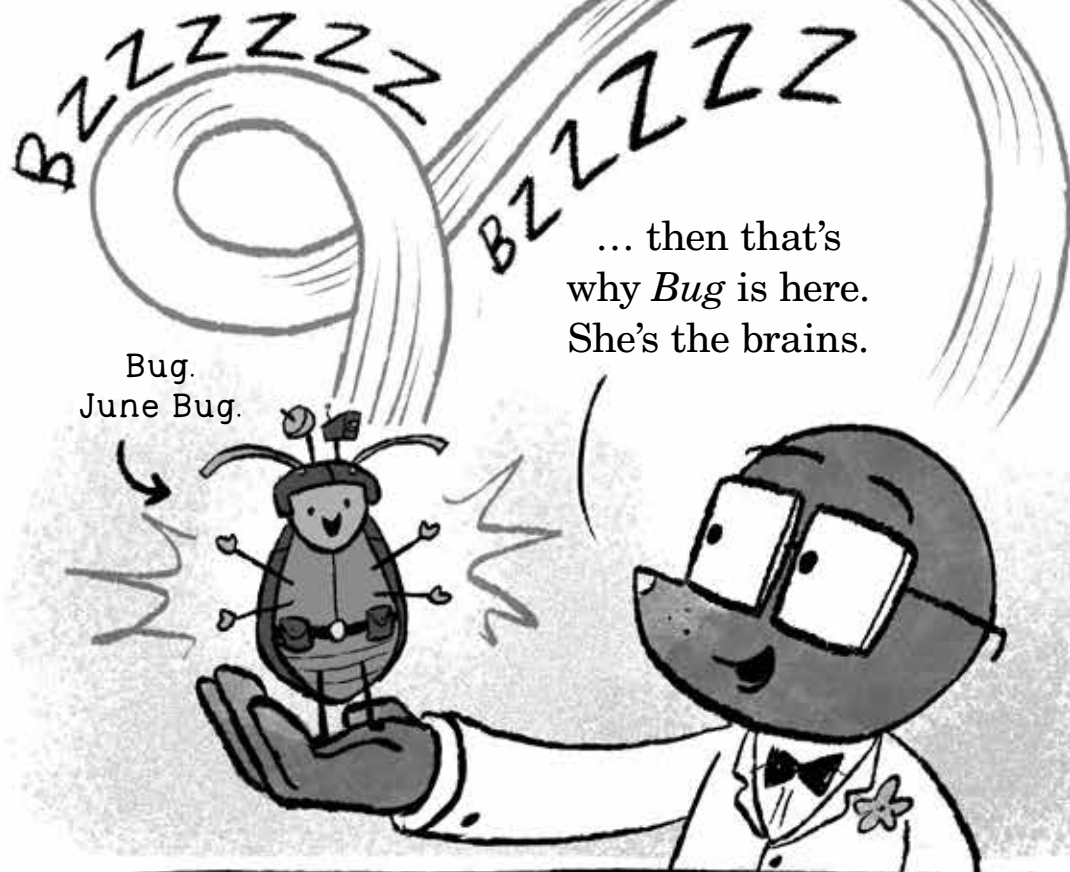

One look at you  
and the bad guy  
will give up.

True. I am  
formidable.

And if *you*  
can't defeat  
him ...

BZZZZ

Bug.  
June Bug.

... then that's  
why *Bug* is here.  
She's the brains.

What do  
you mean,  
'*you can smell  
earthworms on  
my breath*'?

Come on Max, you know how important this mission is.

We need to get this right ...

We'll be fine. Now, let's find our bad guy. He's not gonna know what hit him ...
